04 — The Problem

Section Label

Why most visitors get it wrong

Card 1

You overpay for everything

Taxi drivers, market vendors, restaurants — the "foreigner price" is real and it's expensive.

Card 2

You don't know who to trust

Fake guides, scam hotels, unsafe routes. Without a local, every decision feels like a gamble.

Card 3

You miss the real Ethiopia

The places worth seeing aren't on TripAdvisor. The food worth eating isn't near your hotel.

Design note

3 cards side by side · teal icons · warm white background

05 — How It Works

Step 1

Book a Free Call

Step 3

You Just Show Up

We meet you at the airport. From that moment, Ethiopia is yours to enjoy.

08 — Social Proof

Section Headline

Real trips. Real people.

Section Subheadline

Don't take our word for it — here's what past clients say.

"I was nervous about coming to Ethiopia alone. Abdi met me at the airport and from that second I never felt unsafe. Best decision I ever made."

— Sarah, UK

"They took me to places I never would have found myself. The food, the people, the landscapes — it was nothing like I expected. In the best way."

— James, USA

"Every single Birr was accounted for. I never once felt like I was being taken advantage of. That trust is everything when you're traveling somewhere new."

— Lea, France
